7-Metre Action | Interactive Handball

7-Metre Action is the new handball and event game to offer variety and action on fairs and events in order to gain the interest of the audience.

Game concept

Via a camera, the player is integrated in the virtual gamesurface as a goal keeper. He now has to try to parry the computer animated balls. The audience can watch the goal keeper's live activities to raise real stadium atmosphere.

Sound atmosphere

Due to stereosound **7-Metre Action** is not only a visual but also an auditory experience and accents the different game situations.

7-Metre Action | Features

Company-specific branding

Your product, claim and your logo is presented as part of the sports hall. Two advertising posters as well as the boards refer to you as sponsor.

Sustainable marketing effect

During every shot a screenshot is made and saved which can be printed or sent by bluetooth to a mobile phone afterwards. Thereby a sustainable marketing effect can be achieved.

Sports, show and fun

Handball is rising in popularity. **7-Metre Action** stays abreast of this trend. Linked with innovative technologies it will become the highlight of your events.

Individual adjustable level of difficulty for long-term fun

Adjust the speed or the amount of the virtual handballs to ensure the long-term amusement of your customers.

7-Metre Action | All-purpose

Screen

7-Metre Action can be projected onto all displays or silver screens, e.g. LED-Panel. Moreover the action can be broadcast to large displays without any time lag.
